

Waseem Zahr Aljumah

Saudi Arabia | +(966) 59 992 6127 | Waseemaljumah@gmail.com

Objective:

A Computer Science graduate with practical experience in IT support and system operations. Skilled in technical troubleshooting, system analysis, and process improvement. Passionate about developing efficient technology solutions and improving workflows. Seeking an opportunity to apply technical, analytical, and problem-solving skills to support business operations and enhance system efficiency.

Education:

Bachelor's Degree in Computer Science

May 2025

Taibah University

Experience:

Operations & Systems Specialist

Dec 2025 – June 2026

Com Al-Sharq Company

- Provided technical support for computers, printers, and network-related issues.
- Developed internal systems and tracking tools to automate tasks, organize operational processes, and improve workflow efficiency.
- Managed system records and generated daily, weekly, and monthly operational reports.

IT Intern | Cooperative Training Program

June 2024 – August 2024

Anwar Al Madinah Movenpick Hotel

- Infrastructure: Maintained and monitored network access points and switches.
- Operations Support: Supported hotel operations using the Opera PMS system.
- Technical Support: Provided hardware maintenance and technical troubleshooting for staff.
- Assisted in resolving technical issues and ensuring smooth daily IT operations.

Projects:

Graduation Project: AutoPartSA – An E-Platform for Car Spare Parts & Maintenance Services

Designed and developed an e-platform that connects vehicle owners with certified car agencies and spare parts providers. The platform streamlines spare parts purchasing and maintenance appointment booking through a centralized system, improving service accessibility, operational efficiency, and the overall post-sale customer experience.

Courses and Certifications:

- **Introduction to Packet Tracer** | Cisco 2024
- **Cybersecurity Track** | FutureX 2023

Skills:

Technical:

- **Core Competencies:** IT Support & Troubleshooting, System Analysis, Process Improvement, Problem Solving, Network Fundamentals
- **Programming Languages:** Java, Python
- **Front-End:** HTML, CSS, JS
- **Database:** MySQL
- **Tools & Technologies:** Microsoft Office, Git/GitHub, Cisco Packet Tracer, Opera PMS
- **Hardware Maintenance:** Laptop & Desktop Troubleshooting

Personal:

- Team Collaboration
- Fast Learner and Adaptable to New Systems
- Communication Skills
- Attention to Detail
- Strong Organizational Skills

Languages:

- Arabic – Native.
- English – Intermediate.
